

# Beazley ENVIRO

Recognizing the evolving professional and environmental risk exposures of the environmental services industry, Beazley has tailored a policy form that addresses both changing delivery methods and increased use of technology. Our experienced underwriters can deliver a liability program that effectively addresses professional and environmental risk along with a strong commitment to risk management and responsive claims service.

## Coverage

- Professional liability arising out of any act, error or omission in rendering or failure to render professional services
- Contractors' pollution legal liability (CPL) coverage for pollution conditions arising out of the performance of or failure to perform contracting services; available on either a claims made or occurrence coverage trigger subject to underwriting eligibility
- Contractual liability pollution condition protection for liability assumed under a contract or agreement that is an insured contract, including action-over protection
- Property damage includes natural resource damage
- Technology risk coverage for electronic transfer of data, copyright infringement and web-hosting functions
- ADA/FHA/OSHA regulatory actions reimbursement extension – \$35,000 per policy period
- Defendants' reimbursement extension – up to \$500 per day, subject to a maximum of \$10,000 per claim
- Reputation management reimbursement – up to 50% of \$30,000 per policy period to assist clients in managing their reputational risk after a loss
- Automatic additional insured protection under CPL coverage for clients when required by a written contract or agreement
- Blanket waiver of subrogation provision for clients of the insured as required by contract
- Pre-claims assistance
- Proactive claims management by experienced professionals
- Risk management: live quarterly webinars, quarterly newsletters, dedicated online content
