CHARLES TAYLOR ADJUSTING

Sovereign General is excited to partner with Charles Taylor Adjusting to handle our Technology E&O and Cyber Claims. Just as no two Insured's are alike, no two claims are alike either. That is why we wanted to make sure we partnered with an experienced and international adjusting company who has the resources and expertise to help our insured in the event of an incident.

CHARLES TAYLOR

Charles Taylor adjusting has established itself as leading international loss adjusters with strategically placed offices serving global insurance marketing.

Since the inception of the first Canadian office in 1997, the Canadian operation has steadily grown and now employ over 45 people in 5 offices located in Calgary, Alberta; Toronto, Ontario; Halifax, Nova Scotia; St. John's Newfoundland & Labrador; and Vancouver, British Columbia

The expertise of our staff and associates is the hallmark of our success, being derived from many years of experience in all disciplines of computer forensics, engineering, metallurgy, geology, quality surveying, assurance and control, insurance practice, accountancy and law. Combining these individual talents has enabled us to deal with losses occurring throughout the IT industry, energy, marine, aviation, and non-marine sectors of the industry and our services are frequently engaged in the survey and adjustment of losses occurring all theatres of activity on a worldwide basis.

For more information on Charles Taylor we encourage you to visit their website at www.Charlestayloradjusting.com
