

Zurich Technology Insurance

Zurich knows tech. Our specialized team of technology underwriters delivers customized risk transfer and risk management solutions that keep pace with the ever-changing business needs of technology companies, whether they do business in Canada or overseas. Our technology products and services help companies drive business resiliency, reduce total cost of risk, achieve business goals and maximize growth opportunities.

Errors & Omissions (E&O)

Zurich's Pro Plus E&O helps address the needs of a broad range of technology companies with the flexibility to choose coverage that works best for them.

Advantages of Zurich's Pro Plus E&O:

- Automatic media liability coverage
- Definition of content extends to software and source code
- Punitive and exemplary damages subject to most favourable venue provision
- 25 percent automatic acquisition threshold
- 50/50 hammer clause includes defense and damages
- Worldwide coverage where legally permissible
- Claims Made coverage – available by endorsement

Security and Privacy

Zurich's security and privacy liability coverage helps technology companies manage the financial and reputational risks of a data breach with coverage available for both first party costs and third party liability.

Advantages of Zurich's Pro Plus Security & Privacy:

- Access to Zurich's eRisk Hub™* – a one-stop shop to help avoid and respond to privacy events
- Defense Costs for privacy-related regulatory proceedings
- Coverage for acts committed by rogue employees
- Consumer Redress Fund coverage following a privacy breach
- Privacy Breach Costs include; forensic investigation, legal and public relations expenses, notification expenses and credit monitoring services

Our Appetite

- Electronics
- Software developers
- Data processors
- Value added resellers
- Communication equipment suppliers
- Service providers
- Factory automation
- Alternative/Clean energy technologies
- Smart grid technologies
- Non-invasive, diagnostic medical devices

Other Coverages

Property

- Offers customized coverages, limits and deductibles through a technology property coverage endorsement
- Includes research and development, electronic vandalism, original information property, and more
- Coverage offers holistic data protection for almost any type of data, anywhere, including costs to research and reconstruct

General Liability

- Differentiates coverage through a customized technology broadening endorsement
- Integrates with E&O to eliminate the possibility of gaps

International

- Unique transparent underwriting process and insurance products that comply with global licensing laws and regulations
- Offers local, compliant Property, General Liability and E&O coverages for technology companies with international operations
- Cross-border US coverage, including Workers' Compensation and Auto
